We guarantee that your project will be done the right way and your satisfaction

Mission & Vision

We are one of the pioneers in Abu Dhabi, thus encouraging us to work harder and achieve our aims which are mainly just in time services and utmost customer satisfaction.

We foster a caring and cohesive environment to create a dynamic and vibrant workplace. We believe in the relentless pursuit of excellence in services and technology to enable us to constantly develop, innovate and adapt.

Our Vision is to be the market leader in MEP works and related services: We aim to earn our customers' enthusiasm through continuous improvement driven by the commitment of the top management, integrity, teamwork, and innovation of our people. Our vision serves as the framework and roadmap that guide every aspect of our business by describing what we need to accomplish in order to continue achieving sustainable quality growth

Core Values

- ☞ We are committed to serving our Customer.
- ☞ We are committed to sustainability and to acting in environmentally friendly practices.
- ☞ We are committed to investing in society's well being and human capital development.
- ☞ We are committed to integrity, honesty, transparency, and ethics.
- ☞ We are committed to creativity, innovation, and excellence.
- ☞ We are committed to Quality, standards, safety, and customer satisfaction.

Goals

Regional expansion in the field of electromechanical and develop a strong base of key customers.

Health and safety

- ☞ Corporate wellness relies on the collective health and fitness of the workforce. Hence we maintain high standards of occupational health and hygiene at all our workplaces.
- ☞ Protection of the employees against the health hazards at the working environment, compliance of health and safety legislation and making the workplace healthier and safer is our constant objective.
- ☞ We practice some of the most serious safety practices in the industry. We endeavor to make our workplace a safe working environment.
- ☞ Dedicated safety personnel ensures that safety practices are followed by every employee and target the lowest LTI.
- ☞ We are not only committed to working in a safe responsible manner, respecting the health of our employees but also ensuring the environmental obligations.
- ☞ Our environmental goal is to promote development that improves the total quality of life, both now and in the future.
- ☞ We constantly strive to set and accomplish targets that endorse optimum efficiency of the natural resources used and thus reduce the impact of our operations on the environment

Our Services

ELECTRICAL

Specializes in the Electrical Systems- Supply, Installation, troubleshooting, service, and commissioning

- Power Distribution
- Machine Rewinding
- AC/DC Motor Rewinding
- All types of armature rewinding
- Generator rotor stator rewinding
- Backup Generators sets
- Maintenance Contracts
- Temporary and Special Events Wiring
- Advanced Troubleshooting
- Refurbishment & Renovation works
- Industrial Electronic Repair
- Custom Control Panels
- Supply and installation of all types of VFD
- Lighting Retrofits
- Programming/Engineering

Our Services

Mechanical

Specializes in the Mechanical Systems- Supply, Installation, troubleshooting, service, and commissioning

- All types of Chiller Compressor
- All types of pumps
- Backup Generators sets
- Marine diesel engines
- Firefighting engines
- High and Low-pressure pipeline
- All type of pumps
- Equipment Installation
- Maintenance Contracts(AMC)
- Electrical motor
- Mechanical equipment's
- Equipment Relocation/ Moves
- Hydraulic equipment
- Harvey Valves and Fittings

OUR SERVICES

HVAC
