# TENTS

## Arcum Tents

The key feature of Arcum Tent is a graceful curved roof created when the two slopes of the tent meet in the center in a gentle arc rather than a sharp angle. High quality of PVC fabrics for such tents are water and fire resistant which is why it is suitable for a wide array of both large scale and small-scale events.

Types	Width	Eave Height	Roof Height
Arcum 3m	3m	2.3m	2.9m
Arcum 6m	6m	2.3m	3.5m
Arcum 10m	10m	3m	4.5m
Arcum 12m	12m	3m	4.5m
Arcum 15m	15m	4m	6.2m
Arcum 20m	20m	4m	7.2m
Arcum 25m	25m	4m	7.5m
Arcum 30m	30m	4m	8.2m

## Classical Tents

Classical tents are one of the most famous types of commercial tents which are available in a wide variety of designs and sizes. This tent is very easy to be assembled, less fixtures and components as compared to the other kinds of tents. Tent structure is mainly made of aluminium special alloy which makes this tent super durable and compatible with all weather conditions.

Types	Width	Eave Height	Roof Height
Arcum 8m	8m	3m	4.8m
Arcum 10m	10m	3m	5.2m
Arcum 12m	12m	3m	5.7m
Arcum 15m	15m	4m	6.5m
Arcum 20m	20m	4m	7.5m
Arcum 25m	25m	4m	8.5m
Arcum 30m	30m	4m	9.35m
Arcum 40m	40m	4m	11.5m

## Curve Tents

Curve tents are sturdy to withstand high speed of winds. Curve tents are very easy to remove and this can be expanded with its modular structure. The aluminum frame guarantees stability and durability. Easy to install and dismantle tents are super resistant to high speed winds.

Types	Width	Eave Height	Roof Height
Curve 20m	20m	4m	8.5m
Curve 25m	25m	4m	9.7m
Curve 30m	30m	4m	11.8m
Curve 40m	40m	4m	13.5m

## Dome Tents

Pavilion Tents, Sheds & Temporary Structures offers distinctive designs of Dome Tents which are available in different sizes. The company is aiming to become a recognized leader in manufacturing these attractive Dome Tents which will surely fascinate prospective clients and we commit to produce impressive designed structures.

Types	Diameter	Eave Height	Roof Height
Dome 6m	6m	-	3m
Dome 10m	10m	-	5m
Dome 15m	15m	-	7.5m
Dome 20m	20m	-	10m
Dome 30m	30m	-	15m

## Pagoda Tents

Pagoda Tents are unique because of its eye-catching peak roof that makes it aesthetically pleasing. They can be installed as a single unit or these can be connected with more than one unit if more area has to be covered.

Types	Diameter	Eave Height	Roof Height
Pagoda 3m / 4m	3m / 4m	2.2m	4.9m / 5.1m
Pagoda 5m / 6m	5m / 6m	2.4m	5.6m / 5.85m
Pagoda 8m / 9m	8m / 9m	2.5m	6.8m / 7m
Pagoda 10m	10m	2.5m	7.2m

## Polygon Tents

Clients who want to host grand parties outdoors but want the décor on spot, always go for this kind of tent because of its luxurious impression. These tents are perfect for any kind of occasion as they are designed in such a way to withstand any sort of weather.

Types	Width	Eave Height	Roof Height
Polygon 10m	10m	3m	5.5m
Polygon 15m	15m	4m	7.2m
Polygon 20m	20m	4m	8.2m
Polygon 30m	30m	4m	10m
Polygon 40m	40m	4m	12m
Polygon 50m	50m	5m	14.8m

## Evolution Tents

Evolution Tent is a separate outdoor living tent; its structure is covered with an aluminum frame and its roof is made of PVC protective fabric. Such strong structure tent is widely used for outdoor events, exhibitions and is used for temporary and permanent construction solutions.

Types	Width	Eave Height	Roof Height
Evolution 7m	10m /20m /30m /40m	7m	9m
Evolution 9m	10m /20m /30m /40m	9m	11m

## Platinum Tents

Platinum Tents are of completely new shape which offers a nice touch of finishing. With wide space without any internal obstructions (columns) it is the right choice when you are thinking with a sales office with mock-up inside or any remarkable semi-permanent showroom.

Types	Diameter	Eave Height	Roof Height
Platinum 30m	30m	5m	13.5m
Platinum 40m	40m	5m	18.5m
Platinum 50m	50m	7m	20.6m

## Steel Tents

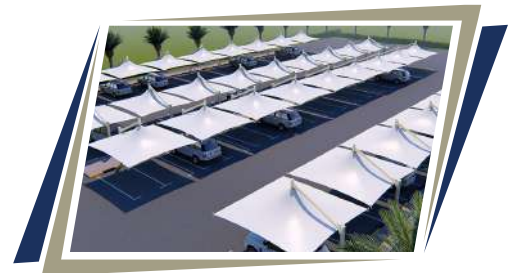

Steel Tents are perfect for military or transit camps; we manufacture customized designed structures. All the framework and junctions are made out of steel. It is easy to assemble the roof cover because it uses eyelets and sliding plastic resin balls to fix it.

## SHEDS

### Parking Sheds

Pavilion Tents, Sheds & Temporary Structures takes pride in delivering customized parking sheds which are made from high grade steel and manufactured by keeping in mind the international safety measure. Car parking shed covers are made of either high quality HDPE fabric or PVC fabric.

### Tensile Sheds

We fabricate Tensile Sheds according to technical specifications and are available in all kinds of sizes and designs. We have highly experienced team to manufacture, install & design Tensile Shed structures including high-grade material and fabric such as PVC, HDPE and PTFE fabrics.

Pavilion Tents, Sheds & Temporary Structures is looking forward to building steadfast relation with valued customers interested in tents and sheds solutions. Reach out to us, let us discuss your plan or idea.
